SEPARATE CORPORATIONS.

Supreme Court Has Decided That Boards of Education Are Not Part of Municipal Corporations—An Important Decision.

In the opinion rendered down in case No. 801, Water Supply Company of Albuquerque, appellant, vs. City of Albuquerque, and the Board of Education of the City of Albuquerque, appellees, by Associate Justice McFee, and concurred in by the other members of the court, except Associate Justice Crumpacker, who did not sit in the hearing, the judgment of the district court of Bernalillo county, from which court the cause was appealed, was reversed and the case dismissed at the cost of the appellees.

This was an action brought by the city of Albuquerque and the board of education of the city of Albuquerque against the Water Supply Company of Albuquerque to prevent the latter from abstracting off the water from the public school buildings, and the board of education of the city of Albuquerque.

The board of education is a quasi municipal corporation created by virtue of the laws of the territory of New Mexico for the purpose of conducting and carrying on the public schools within the city of Albuquerque.

That under the terms of the contract entered into on the 7th day of April, 1894, between the city of Albuquerque and appellant, the Water Supply Company of Albuquerque, for the supplying of water by the city of Albuquerque to the city of Albuquerque, and by virtue of a resolution passed by the board of aldermen of the city of Albuquerque on the 7th day of February, 1898, the board of education claimed it was entitled to use the water for its school buildings free.

After the passage of the resolution of the board of aldermen on February 7, 1898, the board of education paid for water used by it up to February 1, 1898, and on the 8th day of March, 1898, notified the water company that it would not pay for water used after said February 1, 1898. The water company thereupon notified the board of education that in pursuance of its notice that it would not pay for water used by it after said date, said water company would shut off the water from the school buildings. The action was then brought and a temporary injunction granted. Defendant demurred to the complaint, which demurrer was overruled and the injunction continued. Thereafter defendant filed a motion for summary judgment, which was granted, and upon motion of plaintiff's final decree was entered and appellant granted an appeal to the supreme court. In the opinion reversing the lower court and dismissing the cause, the court held:

The public schools within the city of Albuquerque, organized under the laws of 1891, are not city schools.

The board of education of the city of Albuquerque is a distinct corporation for school purposes, and is not a mere function or part of the municipal government of the city.

Under a contract by which the Water Supply Company of Albuquerque agreed to furnish the city of Albuquerque with 12,000,000 gallons of water every six months for "city purposes," to be used as the city council may direct, it is not a city purpose to furnish water to the board of education for the use of the public schools of Albuquerque, and whereupon the refusal of said board to pay for the water necessary for said schools, injunction will not lie to prevent the water company shutting off the water from the schools.

Childers & Dobson, attorneys for appellant, Wm. D. Lee and Nellie B. Field for appellees.

The air is very suggestive of snow today, and heavy clothing is in demand; it is pleasant to know that when the weather in Santa Fe is unpleasant, the rest of the country is catching it where the feathered biped caught the glittering steel.

The wood peddlers are finding a ready market for their cedar, locust, poplar, and donkeys "loaded to the gunwales" with woody burdens are now a frequent sight on local thoroughfares. The vendors have apparently formed a combine and are demanding higher prices for fuel.

The Spooner Dramatic Company appeared to good advantage in the "Gold King" last night, and the performance was pleasing in every particular. The house was well filled. Tonight the company will present the "Flower Girl," in French drama of the 19th century. In addition to the regular bill a number of specialties, including moving pictures, will be given. "Flower Girl" will give an opportunity for the portrayal of rich costumes, and the wardrobe of the company will be found equal to the requirements of the age in which the play is acted.

Two tramps were posed on the carpet before Justice Garcia this morning, and were duly mulcted \$10 and costs each. The wanderers were not gaudy to that extent with wealth, so the justice told them to scratch gravel and git, and if they showed up in this corporation again they would have to work out their fines and costs. Then the constable opened the door and said: "Scat!" and "La Fayette day" was observed by the schools of the city and many flags were displayed on the public buildings and in front of services were held, where the school exercises were held, a large audience gathered to hear the school children in the program which had been prepared, and the entertainment passed off very pleasantly.

TO CURE NERVOUS DYSPEPSIA.

To Gain Flesh, to Sleep Well, to Know What Appetite and Good Digestion Mean, Make a Test of Stuart's Dyspepsia Tablets.

Interesting Experience of An Indianapolis Gentleman.

No trouble is more common or more misunderstood than nervous dyspepsia. People having it think that their nerves are to blame, are surprised that they are not cured by nerve medicines and spring remedies; the real seat of mischief is lost sight of; the stomach is the origin to be looked for.

Nervous dyspepsia often do not have any pain whatever in the stomach, nor perhaps any of the usual symptoms of stomach weakness. Nervous dyspepsia shows itself not in the stomach so much as in nearly every other organ; in some cases the heart palpitates and is irregular; in others the kidneys are affected; in other the bowels are constipated, with headaches; still others are troubled with loss of flesh and appetite, with the accumulation of gas, sour risings and heartburn.

Mr. A. W. Sharper, of No. 61 Prospect St., Indianapolis, Ind., writes as follows: "I have been a sufferer from nervous dyspepsia for the last four years; have used various patent medicines and other remedies without any favorable result. They sometimes gave temporary relief until the effects of the medicine wore off. I attributed this to my sedentary habits, being a bookkeeper with little physical exercise, but I am glad to state that the tablets have overcome all these obstacles, for I am better in flesh, sleep better, and am better in every way. The above is written not for notoriety, but is based on actual facts."

Respectfully yours,
A. W. Sharper,
61 Prospect St., Indianapolis, Ind.

It is safe to say that Stuart's Dyspepsia Tablets will cure any stomach weakness or disease except cancer of the stomach. They cure sour stomach, gas, loss of flesh and appetite, sleeplessness, palpitation, heartburn, constipation and headaches.

Banquet Given in Honor of Rough Riders by Ladies Soldiers' Aid Society—Elegantly Spread Tables—Superb Service.

"My, ain't this just old peachies, though!" exclaimed one Rough Rider to his comrade at the banquet given the heroes of the late war, this afternoon in the Catron block, by the Ladies' Soldiers' Aid Society.

"What would the Cubans say if they could witness such a feast as this?" asked another veteran of Santiago.

"Just think of all this elegant spread and contrast it with what we had on the Yucatan," chimed in a third soldier.

"Yes, if we had only had eating like this at Tampa, the whole 5th corps would have shriveled up with envy," explained another trooper, who remained behind in Florida much against his inclination.

"Not even General Shafter or any of the favored staff had anything like this, interrupted yet another veteran."

And so the remarks were passed all along the line, in deservedly the most complimentary vein to the patriotic ladies who had originated and engineered this fine banquet. And there was enough of the richest and best cooked viands to have fed the regiment. There were the juiciest of broiled chicken, feline galore, scalloped oysters that fairly glistened with genuine French crust, enough kinds of rich cakes to start a caterer's establishment, ice cream as was ice cream, and so many other good things that appealed longingly, as it were, to one's gustatorial powers, that the boys never ventured to count them up. The guests did ample justice to the viands, and as Trooper Williams remarked, "The women are all right, all over this country."

The walls of the room were handsomely decorated with flags, evergreens and colored lithographs of the war, guns were stacked in the windows with flowers, and the whole scene was enlivened. Altogether there must have been 100 people at the dinner, including nearly 40 Rough Riders. The Grand Army of the Republic was represented, as were also territorial, city and other officials, and other guests of the occasion. Rev. W. H. Greenleaf, of Denver, and after dinner was finished the cavalry band in full uniform appeared and played between the speeches. Territorial Secretary G. H. Wallace gave an admirable welcome address, to which Captains Muller and Luna fittingly replied. Colonel Knebel spoke in behalf of the G. A. R., Judge Laughlin spoke eloquently on "Our Country," and W. H. Pope followed with a stirring tribute to La Fayette day. This was followed then by impromptu speaking from citizens who were called upon, so that the occasion was notable in more ways than one. The afternoon was practically gone when the happy guests departed, heartily thanking the patriotic ladies of Santa Fe for their generous hospitality.
